Current Information

✓ Employee Retirement Contributions

CMUSD continues to include this legislative mandate in long range budgeting process, regardless of pension reform, the district won't realize significant savings until the 2040's. Funding past-service pension liability for employees is a crucial obligation that greatly affects current & future budgets.

✓ State Revenue

This year the budget process was much calmer than the last few years. The new formula was used and we realized a slight increase in Basic Education Subsidy (BEF) and SEF (Special Education Subsidy), the Ready to Learn Block Grant was level funded.

✓ Employee Contracts and Agreements

District Administration and The Board of Directors successfully completed a number of contracts and agreements this year. They included current and future changes to health care, such as changes to spousal coverage. Next year the Professional Staff Contract will need negotiated.

✓ Capital Expenses

CMUSD recognizes the need to plan for a deferred maintenance reduction plan for our facilities on a long range cycle. As a result monies have been designated in the General Fund budget. In addition, the district created (2011-2012) a **Capital Reserve Fund** that may be used for improvements to facilities or one time equipment purchases. *These funds are restricted solely to capital expenditures and by law may not be used for salaries and benefits.*

✓ Gambling Fund - Slot revenues are Available for real estate tax relief. CMUSD to receive **\$926,962.73** in property reductions for **2018-2019**. Result will be a reduction in the amount of taxes an approved homeowner will be required to pay on their tax bills. Qualified homeowners will receive a real estate reduction of **\$9,015**.

Highlights of District Initiatives

Code to the Future

- 1st School District in PA to teach code to all students, across all content areas, beginning in Kindergarten.
- 2017-2018 budget enabled implementation at Hills-Hendersonville, Wylandville & South Central elementary schools.

The Big Picture at a Glance

Why do we see growth in new housing developments but my taxes keep going up?

The district is in a fortunate position that we are growing. This is a good thing because it increases tax revenues! But with growth comes added expenditures. Much of the residential growth yields additional children joining the district, so while there are additional revenues from the additional children it affects class sizes as well as all other academic, activity, transportation and athletic expenses.

What is an Unfunded Mandate? How does it affect the budget?

State and federal legislators have passed many laws requiring schools to do many good educational things—BUT they have not provided the funding to support them. Districts are required to build these items into their General Fund Budgets.

These mandates include things like...

- ✓ Requiring all buses to have stop sign arms on them that come out as a bus slows to a stop
- ✓ Providing programs for students with special learning needs
- ✓ Providing funding for district students to attend cyber & charter schools
- ✓ Graduation Exams
- ✓ Healthcare Requirements
- ✓ Mandated Pension Contributions (PSERS)
- ✓ Prevailing Wage
- ✓ English as a Second Language Program (ESL)

Why is fund balance important?

Understanding taxation limits and the maintenance of a fund balance is of paramount significance to the fiscal health of the school district. Credible professional organizations, including the Government Financial Officers' Association, the Association of School Business Officials International and Local Auditors recommend that fund balance levels be maintained between 5% and 8% of budgeted expenditures. (For example, a budget of \$60 million should be supported by a fund balance between \$3 million and \$6 million. Here are just a few advantages to having a healthy fund balance).

- ✓ Provides a contingency for emergency expenditures without borrowing
- ✓ Provides adequate balances to cover temporary cash flow shortfalls
- ✓ Provides a resource for unfunded state mandates, spikes in current obligations outside of the district's control (for example projected PSERS rate increases, decreased state funding).

- ✓ Allows the district to contribute to construction costs, minimizing tax impact

Canon-McMillan School District
Positions the district for favorable bond ratings and offsets construction costs as was demonstrated with the Muse and High School/Stadium Projects' borrowing.

The Big Picture at a Glance

Long Range Planning and Unexpected Circumstances

PHASE 1: 2014-2015: **COMPLETED**

- Micro Redistricting to curb large class sizes and capacity issues.
 - Send % of Muse to Cecil Elementary
 - Send % of Cecil Elementary to Hills
 - Send % of Borland Manor to South Central
- Land acquisition for future Middle School
- Land acquisition around the South Central Elementary Site for future TBD use

PHASE 2: 2015-2016: **COMPLETED**

- Stadium - New Turf and Resurface Track
- Start construction of new K-4 (Muse)
- Support Facility – Roof and Masonry Work

PHASES 3 and 4: 2015-2018

- New Muse Elementary –**COMPLETED** (Capacity 800)
 - Able to fund with \$4M of our saved money
 - School Street - Currently being fund with residual construction funds
 - Closed Muse, Cecil Elementary and First Street
- **IN PROCESS**
 - Renovate the High School
 - Stadium Project: locker rooms and visitor side bleachers

PHASE 5: (*Starting Soon*)

- Demographer Updating Demographics Fall 2017 – **Completed Spring of 2018**
- New Middle School (Capacity 900-1000)
 - Approximate Minimum Cost: \$60M (District plans to contribute \$10-12M)
 - Debt Service Needed: Per Financial Advisor (JW 6/1/17): \$2.8-3.1M
 - Legislation in place to extend dates for Plan Con eligibility from 2019 until 2021

PHASE 6-8: TBD

- Start construction of new K-4 at the Wylandville site (Capacity 700-800)
- Complete construction of new K-4 at the Wylandville site
- Renovate Hills (Capacity of 400-600)
- Close Wylandville and Borland Manor

*Upon completion of elementary project the district would implement Full Day Kindergarten and other programming enhancements to further address academic needs which would have staffing and other impacts.

*Borrowing capacity may prohibit the completion of the plan unless saved money is used to offset costs. The district retains the ability to make additional debt payments.

The Big Picture at a Glance

Other On-Going Concerns:

- PSERS Funding – In the short term, rates are anticipated to continue to increase
- PlanCon
 - Plancon advisory committee released recommendations in June 2018 to streamline the reimbursement process, however no new money has been added to the state budget since 2015.
 - Thus, it is anticipated that another moratorium will be in place for 2018-2019.
- State Funding
 - Transportation reductions
 - Property Tax Reform
 - Future funding levels and funding the formula
- Federal Funds
 - Federal funding has continued to decrease
 - Federal aid for Access funds reimbursement has also decreased
- Health Care Costs
- Charter School Tuition Rates
